ENVRI

ENVRI Final Event

8th - 9th October 2014

Amsterdam

8 October – Discussion groups

4. Our environment is a global system. How to improve in this regard the international role of European environmental research infrastructures?

5. What can be recommended on career development for staff within and among the environmental infrastructures?

6. Are there new ways of interactions between research infrastructures and their users, and to structure user's feedback to the infrastructures?
